

# STNH | HANDRAIL MARKING

Exit Path

**Photo-Glo®** is made of the same industrial grade solid polymer used in golf balls with imbedded glow-in-the-dark pigment. This creates a durable material that is approximately 50% brighter than the code requires. Photo-Glo comes with an industry leading 25-year warranty.

## Washable and easily sanitized.

- Aggressive high tack peel and stick adhesive backing – no additional adhesive required
- Pre-curved with tapered edges - **No endcaps needed**
- 1" x 10' Photo-Glo® photoluminescent strips
- Activated by natural, fluorescent, incandescent or LED light
- Fits 1 ½" to 2" round railing
- Cuts with scissors

For handrail markings used in:
