

STNC3 | POUR OR CAST-PLACE NOSING

Patented, factory-applied Construction Cover (U.S. Patent 8850757) protects the stair nose from concrete splatters, paint drips, etc. When the job is done, unsnap the cover and recycle.

OPTIONS:

- Black or yellow powder-coated aluminum
- 1 1/2" traction strip
 - Black or yellow traction strip
 - Color-matched, ribbed aluminum

For Concrete Filled steel Pan / Formed Concrete / Pre-cast Tread Stairs

3" anodized aluminum nosing, with replaceable 1" Photo-Glo® strip and 1 1/2" black traction strip, anchors clip onto the steel stair pan to hold nosing in place as concrete is poured. Patented Construction Cover included. Photo-Glo® strip, patented construction cover.

Photo-Glo® – utilizes the same industrial grade solid polymer used in golf balls, imbedding photoluminescent pigment, the glow-in-the-dark material. This creates a durable material that is approximately 50% brighter than the code requires. Photo-Glo® comes with an industry leading 25-year warranty.

Up to 12', to the nearest 1/16".

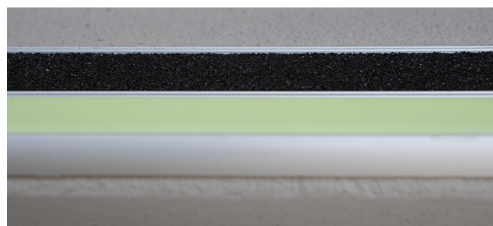

Code Compliant in all 50 states and Canada:

Exceeds ASTM E2072 glow requirements
Code compliant: IBC / IFC / NFPA 101 / OSHA / ADA

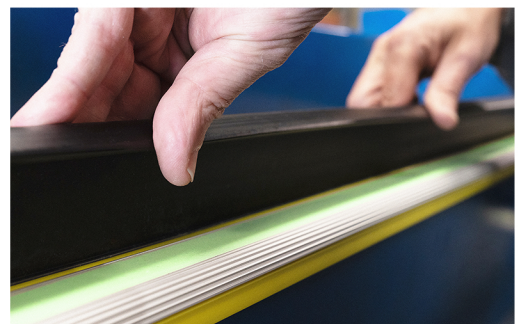

UL 410 & UL 1994 listed 

Warranty Information

Stair Nosing – 5 year warranty
Photo-Glo – 25 year warranty

- Patented construction cover protects nosing from concrete splatters, paint drips and foot traffic.
- When the job is ready to turn over, snap off Construction Cover to reveal clean stair nosing.
- A better result by design.
